

EvoDose

The future of dilution

Over 30 years' experience in dilution technology culminate in the EvoDose. Capable of diluting up to four products, high or low flow with a lockable cabinet system, offering both bottle and pouch options, a remote activation gun and AccuPro pressure regulation technology the feature packed EvoDose really has it all.

Thanks to its slim profile, small footprint, chemically-inert components and wipe-clean surface, EvoDose is suitable for the cleaning and sanitisation of all locations including: kitchens, restaurants, hotels, hospitals, schools, care homes and many more.

- Customisable cabinetry offering both bottle and pouch fitment
- Unique Quad Diverter valve ensures no product mixing
- Chemically-inert components
- Euro water regulation EN1717 compliant
- Cold or hot water (to 65° C)
- Water pressure from 1.5 - 6 Bar
- Easy one-handed operation
